

Task

- Please try to configure Chrome Browser and navigate to <https://spicejet.com>.
- Select Round trip starting from Chennai to Bangalore dated on Dec 5, 2018 and return date on Dec 7, 2018.
- Select two adult passengers and select currency as USD
- Click on search and verify whether it is giving proper search results or not.

Explanation of the code: Here I have automated SpiceJet web site by using xpath and dynamic table concept (for selecting dates in calender). After mapping all the xpath I am able to see the search is coming properly. Please find the screen shot below for the evidence.

OutPut:

The screenshot shows the SpiceJet website interface. At the top, there's a navigation bar with 'BOOK', 'ADD-ONS', 'DEALS', 'GIFT CARD', and 'SPICECLUB'. Below this, a search bar displays the selected criteria: Round Trip, Chennai to Bangalore, Depart Date 5 Dec, Wed, Return Date 7 Dec, Fri, Passengers 2 Adult, and Currency USD. A 'Modify Search' button is also present.

The main section is titled 'CHOOSE A DEPARTURE FLIGHT'. It contains a table with flight details:

DEPART	ARRIVE	HAND BAGGAGE	SPICESAVER	SPICEMAX
Cabin Baggage Only				
Free Check-in Baggage				
SG 3301 6:05 AM 0h 50m	6:55 AM	NA	38.30 USD	46.50 USD
SG 1063 7:20 AM 1h 5m	8:25 AM	NA	49.60 USD	57.70 USD
SG 3426 3:00 PM	3:55 PM	NA	56.70 USD	64.80 USD

To the right of the flight table, there's a 'FARE DETAILS' section showing the total fare of 147.40 USD, inclusive of taxes. It also lists the flight segments: WED 05 DEC, 2018 (Flight SG 3301, MAA - BLR, 6:05 AM) and FRI 07 DEC, 2018 (Flight SG 3302, BLR - MAA, 7:40 AM). A 'CONTINUE' button is at the bottom right.
